8 JUL 1986

MEMORANDUM FOR: See Distribution

FROM: John L. Helgerson
Associate Deputy Director for Intelligence

SUBJECT: Cultural Awareness Workshop

1. Dr. Addison Somerville, Professor of Psychology at California State University, Sacramento, conducts two-day Cultural Awareness Workshops for various governmental and private organizations in California. This Workshop emphasizes an increase in understanding human behavior as the means to better cross-cultural interactions.

2. Because we are interested in looking at this Cultural Awareness Workshop as a follow-on to the Dr. King Urban Awareness Seminar, two pilot runnings have been scheduled for 29-30 May 1986 and 10-11 July 1986. Hopefully, this will help stimulate managers' efforts to reverse our deteriorating record in hiring minority applicants.

3. I appreciate your willingness to attend the 29-30 May running. Please give me your candid evaluation of this training program. If anything comes up to prevent your attending, please let me know. I will want you to work with [redacted] to arrange for a substitute.

25X1

4. The Workshop will be conducted at Hilltop House located in Harpers Ferry, West Virginia. Bus transportation, meals, and lodging will be provided. The bus will leave from the Main Entrance at 0730 hours on Thursday, 29 May 1986. Participants who provide their own transportation should plan to arrive at Hilltop House no later than 0845 hours.

5. Please submit Form 73 to DI/EEO, Room 2E42 Headquarters, before COB, 16 May 1986 to confirm your participation. If there are any questions, please call [redacted]
